

## EXPERIENCE ITALY - A veritable trove of striking landscapes, art & cultural riches, uncountable treasures, charming towns, gastronomic delights and wine.

Explore Northern Italy, filled with historical cities: Sprawling Milan, art and culture centre, the financial, banking, fashion and design capital of Italy; Turin, at the foot of the Alps, outstanding for automotive manufacturing and baroque architecture; Genoa, birthplace of Columbus, Italy's chief seaport since Roman times; Venice floating dream-like on canals and lagoons; Trieste, bustling and attractive seaport; Trento, historic old city that has had many battles fought for it; Bologna, know as 'la dotta, la rossa e la grassa', centre of wealth, learning and art, famous for its university.

Go beyond the Eternal City of Rome and its 2,000 years of historical and cultural significance to experience the magic of Tuscany—filled with heavenly landscapes and artistic heritage. Discover the charm of Florence situated along the Arno River on the picturesque Ponte Vecchio—known for its artisans and their unique workshops. Other must-see destinations include Pisa, famous for its leaning tower; San Gimignano, the city of towers; and the walled city of Lucca. The untouched landscapes and winding valleys of the Umbria region will amaze you with its fusion of art, nature and villages that are masterpieces in themselves. And medieval towns such as Assisi, Gubbio and Spoleto are a showcase of historical and artistic heritage.

Coastal beauty, mild climate, rich art and history and a love of food make Southern Italy a fascinating region. Delve into the sea, the area's uncontested queen with its intense colours, coasts, coves, flourishing Mediterranean vegetation alternates with charming towns which embody its centuries of tradition; picturesque towns along the Amalfi Coast, including Naples, Pompeii and Sorrento. Puglia and Calabria—known for exquisite food and wonderful scenery—are year-round destinations. And the natural beauty, rich history and enduring tradition of the islands of Sicily and Sardinia are absolutely fascinating.
